

FACULTY SENATE RESOLUTION 85-4

WHEREAS the LSU Foundation exists for the benefit of the University and receives donations from friends who believe they are supporting University programs, and

WHEREAS the University is currently in need of additional assistance from all such friends, and

WHEREAS even the appearance of misuse of such donated funds might have serious deleterious effects on the fund-raising efforts of the Foundation, and

WHEREAS the use of such funds for items as reported by the Associated Press, in the November 12 issue of the Daily Reveille and elsewhere, at least gives this appearance, and may well constitute a breach of ethics;

THEREFORE BE IT RESOLVED that the Faculty Senate expresses its condemnation of the use of LSU Foundation funds for the purchase of such personal items as television sets, video cassette recorders, etc. as reported in the above-mentioned article.

ADOPTED: November 14, 1985
